July & August Recap at 2313...

Sets with Strangers

For the 2nd year in a row 2313, Inc. was awarded one of **Metropolitan Detroit's Best and Brightest Companies to Work For in 2015!!** This competition identifies and honors organizations that display a commitment to excellence.

"We are excited to be recognized by the best and brightest organization for the second year in a row," says 2313 Inc. Manager, Ken Lear.

"The best part about it is that they anonymously poll our employees about key areas of business, compensation, benefits, work life balance, culture and leadership development. So, I am thrilled that our employees rated us higher than other companies in our industry. It's another testament that when your people are happy, your company grows. I'm certainly looking forward to the awards ceremony this September."

Our volleyball season unfortunately has come to a close, but we made sure to finish the season strong.

Even though we had a tough loss in the final tournament, we are now motivated more than ever to come out next year dominating! Great season guys and can't wait until next year!

SWOOSH!

The guys are bringing their competitive nature to the basketball court for Team Night. Is that Michael Jordan? Nope, it's just Ken.

These guys have some serious jumps!

National

The National Conference provides the platform for all representatives, managers and recruiters from across the country to network, focus on company goals, share best practices, and to recognize the top performers and managers. This year the National Conference was held July 24th through July 26th, 2015, at the incredible *Gaylord Opryland Resort and Convention Center* in Nashville, Tennessee. The team had an amazing time and this was an event that we will never forget!

2015

President Ken is pleased to announce the birth of their baby boy. This little bundle of joy arrived early morning, Sunday, August 23, 2015. Congratulations to you and your family Ken!!!

2015 Summer Interns

Christopher Liepa and Jennifer Mezgian were working as a part of our Internship program that was offered this past summer, 2015. Both Christopher and Jenn were successfully promoted. They were able to work alongside our leadership team and learn directly from the President. We enjoyed having them on our team these past few months and wish them the best of luck, as they embark on their senior year at Michigan State University!

"I think my biggest takeaway from my summer internship is how to build relationships with people on a personal and professional level. Having fun while on the job is the best part about this business because you can still be successful. I also learned that your mindset is everything. How you perceive something is how it actually is."

-Jennifer Mezgian
