What is

..... ?

Operation Smile is an international medical charity that has provided hundreds of thousands of free surgeries for children and young adults in developing countries who are born with cleft lip, cleft palate or other facial deformities. It is one of the oldest and largest volunteer-based organizations dedicated to improving the health and lives of children worldwide through access to surgical care.

In 2016, 2313 has pledged to raise \$10,000 for Operation Smile! On June 25, 2016 our team participated in our Annual Day of Smiles and raised close to \$3000! Team members went all over Metro Detroit to talk to families and local businesses to raise money and educate about the work of this organization. Great job to our amazing team!
